

## AKSHAY SHARMA T.R

6362426687 | trakshaysharma@gmail.com | [LinkedIn](#) | [Portfolio](#) | [Leetcode](#) | [GitHub](#)

Final-year Java Developer passionate about building scalable software solutions. Strong foundation in Java, Python, and full-stack development, with hands-on experience in machine learning, web development, and problem-solving. Proven ability to develop high-accuracy models, optimize system performance, and collaborate in fast-paced environments. Seeking an entry-level software development role to contribute technical expertise and drive innovation.

### EDUCATION

<b>Course: BTech CSE, 8.53 CGPA</b> VTU University, Karnataka	2022-2025
<b>Intermediate, 92%</b> Vidyanikethan PU College, Tumkur	2019-2021

### PROFESSIONAL EXPERIENCE

<b>Machine Learning Intern   Basal Analytics, Bangalore</b>	Sept 2024 – Dec 2024
<ul style="list-style-type: none"><li>Developed a real-time product classification and inventory management system using Flask and SQLite3.</li><li>Designed and integrated responsive frontend and Flask backend for seamless user interaction.</li><li>Implemented efficient SQLite3 database operations to enable real-time tracking and updating of product inventory.</li></ul>	

### PROJECTS

#### [Memory Game – Flipping Cards \(Java\)](#)

- Developed a memory-based card matching game using Java Swing, featuring Pokémon-themed energy cards.
- Implemented game logic with a countdown timer, error tracking, and win/loss conditions.
- Designed an interactive UI with a scalable grid layout and smooth card-flipping animations.
- Enabled game restart functionality and optimized performance for a seamless user experience.

#### [Deep Learning for Freshness & Grocery Detection \(Python\)](#)

- Built and trained ResNet-101 to classify fresh and rotten fruits/vegetables with 98% validation accuracy.
- Developed another ResNet-based model for grocery product detection, achieving 84% validation accuracy.
- Designed and optimized deep learning pipelines for real-world freshness classification and grocery recognition tasks.

### SKILLS & OTHER

- |          |              |           |       |
|----------|--------------|-----------|-------|
| • Java   | • JavaScript | • ReactJS | • SQL |
| • Python | • Django     | • MongoDB | • DSA |

### CERTIFICATIONS

- Project Management -Coursera**
- Junior Software Developer - Coursera**
- Google Business Intelligence - Coursera**
- Google Cybersecurity - Coursera**
- Git - Simplilearn**
